

Compliance Pack

An evidence pack for internal review, including reviewer notes, alert status, risk reasons, and decision history.

Sample report

This document uses sample/anonymised data and is intended to demonstrate the style of evidence SentraRisk can produce for finance, compliance, bookkeeping, and client review workflows.

Xero Supplier bill review	PDF Client-ready export	Human Decision-led workflow
-------------------------------------	-----------------------------------	---------------------------------------

Report type	Prepared for	Review period
Audit-ready PDF	Example SME finance team	Sample month

Control review overview

This pack demonstrates how SentraRisk can organise evidence for internal review. It focuses on alert status, reviewer notes, decision history, and the controls that should be strengthened after review.

B+ Control grade	92% Reviewed alerts	5 Open actions
----------------------------	-------------------------------	--------------------------

Review principle

SentraRisk automates the identification and organisation of payment-risk indicators. Final decisions remain with the accountant, bookkeeper, finance lead, or compliance reviewer.

Evidence checklist

Evidence area	Status	Reviewer note
Supplier bill import completed	Complete	Xero supplier bills reviewed for the sample period.
Duplicate-looking bills reviewed	Complete	Potential duplicate items checked against supplier and invoice context.
New beneficiary details checked	In progress	Two supplier records require confirmation before next payment run.
High-risk alerts assigned	Complete	All high-risk alerts have an owner and review status.
Client Control Pack exported	Complete	Pack ready for client or internal finance review meeting.

Alert decision trail

Alert	Risk	Status	Decision rationale
Duplicate-looking supplier bill	High	Escalated	Similar amount and supplier reference found within the review window.
Changed bank details	High	Pending	Requires independent supplier confirmation before payment release.
Same-day payment cluster	Medium	Reviewed	Business explanation accepted; monitor next cycle.
Unusual invoice timing	Medium	Reviewed	Timing aligns with quarter-end supplier billing pattern.

Recommended control actions

Action	Priority	Target outcome
Introduce a documented supplier-bank-detail verification step	High	Reduce payment redirection risk.
Set a second-review rule for repeated payments to the same supplier	High	Improve visibility over cumulative exposure.
Maintain reviewer notes for all high-risk alerts	Medium	Create a defensible evidence trail.
Run a monthly Client Control Pack for client or management review	Medium	Turn monitoring into a repeatable finance-control process.

Reviewer sign-off

Role	Name	Date	Sign-off
Finance reviewer	Sample reviewer	Sample date	Reviewed
Accountant / advisor	Sample advisor	Sample date	Ready for discussion
